

Creating a New Trip

Trip/Expedition Types

1. Adding a New Trip

1. Click the **“New”** button in the toolbar.
2. From the menu that opens, select **“Trip/Expedition”**.

2. Trip/Expedition Types

- **Agreement** - Select this option when a subcontractor operates under your management and you are forwarding the vehicle for a full or partial route. Payment is usually calculated based on the kilometers driven.
- **Domestic** - Local transportation.
- **Monthly** - Monthly trip.
- **Other** - Other types of trips.
- **Own Trip** - Select this option when the trip is performed with your own vehicle. This enables the completion of the driver's report.
- **Spedition** - Freight forwarding and cargo transportation.

To ensure accurate trip reporting, it is important to select the correct trip type.
