

Information for the customer about accepting the order

To send an order acceptance confirmation, open the specific customer order.

1. In the toolbar, click the button  and select the appropriate option.

The screenshot displays a web application interface for managing a client order. At the top, the order number is 10834 and the status is 'Delivered'. The interface includes a toolbar with various icons, including an envelope icon for sending emails. A dropdown menu is open, showing several options for sending information to the customer. The option 'Inform client for cargo accepting' is highlighted with a red box. Other options include 'Order for client', 'Package stickers A6', 'Package stickers A5', 'Package stickers A4', 'Order for carrier', 'Inform cargo manager for putting cargo in trip', 'Inform client for putting cargo in trip', 'Inform Loading adress for cargo loading', 'Cargo status/tracking email', 'Planded loading information', 'Inform client for cargo loading', and 'Planded delivery information'.

2. By selecting **Information to Customer About Order Acceptance**, you can send an automatically generated order acceptance confirmation email.
