8) Data exchange with other systems

- Data exchange with other Accounting software
- Export of outgoing invoices

Data exchange with other Accounting software

Incoming and outgoing invoices and partner info lists can be exported to various accounting software.

> The best solution for our customers is **Ozols accounting software**, which is fully integrated with **OZOLS TMS.**

OZOLS TMS currently supports:

- Finvalda

- Merit Aktiva

- Optimum

- Rekini.lv

- Tildes Jumis

- Zalktis

> Export of documents to other accounting software can be programmed. Includes additional costs for programming.

Export of outgoing invoices

To perform the simultaneous export of several outgoing invoices from OZOLS for import into another accounting program, the following steps must be taken:

1. Open **Outgoing invoices**

   OZOLS > Payments > Documents > Outgoing invoices
2. Press **Multi select** ⋮
3. Holding the " **ctrl** " or " **shift** " key and with mouse select invoices to be exported.
4. Press the Functions button f_x
5. Selects **Invoice export for another accounting system**
6. Choose the desired accounting program from the list.
7. Specify in which folder on the computer to save the data. We recommend creating a separate folder
8. Save. Then open your accounting program and import the data from folder
