

# New Expedition

## 1. Open Client order window

**OZOLS > Freight transportation > Documents > Client orders > [Open the required Order]**

1. Select the **cargo** for which the trip/spedition is to be created.
2. Press **Add spedition**.
3. Select **New** if creating a new trip/spedition.
4. Select **Existing** if the trip/spedition has already been created > A window opens where you select the corresponding trip.

Buttons: Save, Add spedition, New, Existing

## 2. The window **New - Trip/spedition** opens

1. Choose the **type of carrier: Spedition** - classic expedition (cargo sale)

**You can also create Trip/spedition:**

- **Agreement** - Long-term contract with the carrier
- **Own trip** - Trip with own transport
- **Domestic** - Local transport

2. If the haulier's car has already carried cargo, entering its number will automatically fill in the Carrier name.
3. Enter the Carrier company name, if you have it. Double-click to enter a new Carrier.
4. If you know, enter Carrier Manager. Double-click to enter a new one.
5. Carrier Price: The amount that will be paid to the Carrier. Specify the VAT rate and

payment term

6. Mark the trailer type (For example - TENT)
7. Internal notes if needed
8. Save and close. With that, the Expedition is created.

The screenshot shows the 'New - Trip/Spedition' form with the following fields and actions highlighted by numbered red circles:

- 1: Type dropdown menu (set to 'Spedition')
- 2: Truck/Trailer text field (set to 'HH 1234/RR 1234')
- 3: Carrier dropdown menu (set to 'Demo')
- 4: Carriers manager dropdown menu (set to 'Ozolnieks Edgar')
- 5: Payment term dropdown menu (set to '30 days')
- 6: Trailer type dropdown menu (set to 'TENT')
- 7: Internal notes text field
- 8: Save button

The form also includes fields for Date (09.08.2022), Status (Transfer/Round trips), Price for carrier (500.00 EUR), and Send documents on (Company common e-mail). The bottom status bar shows '0 records' and various numerical values.

Next steps:

**Transport Order** to cargo carrier

**Invoice** to Client
