YouTube

**Other (Custom name)**

GENERATE

5) Logā ieraksta "Ozols" un spiež **GENERATE**

← App passwords

App passwords let you sign in to your Google Account from apps on devices that don't support 2-Step Verification. You'll only need to enter it once so you don't need to remember it. [Learn more](#)

You don't have any app passwords.

Select the app and device you want to generate the app password for.

Ozols X

GENERATE

6) Tiek izveidota gmail parole OZOLS TMS sistēmai

Generated app password

Your app password for your device

avwv evom dzto tkdd

How to use it

Go to the settings for your Google Account in the application or device you are trying to set up. Replace your password with the 16-character password shown above. Just like your normal password, this app password grants complete access to your Google Account. You won't need to remember it, so don't write it down or share it with anyone.

DONE

Email: securesally@gmail.com

Password: .....

7) Dzeltenajā laukā redzamo paroli iekopē lietotāja e-pasta iestatījumos OZOLS TMS sistēmā, sekojot [instrukcijai šeit](#).

## 2. Microsoft e-pastu nosūtīšanai no OZOLS TMS, jums ir jāveic sekojošas darbības:

1. Atveriet sekojošo saiti un ielogojieties savā Microsoft kontā.

## Sign in

Email or phone

[Can't access your account?](#)

Next

2. Izvēlieties > Add method > App password

### Add a method

Which method would you like to add?

App password

CancelAdd

3. Nokopējiet Microsoft izveidoto paroli

### App password

App password was successfully created. Copy the password to clipboard and paste into your app. Then return here and choose 'Done'

**Name:**

SMTP connection

**Password:**

czkbvdcyvtlckzkm

Note: Keep this password in a safe place. It will not be shown again.
